Steve,  
Probably more efficient to discuss. Feel free to call. 202 566 1210  
We didn't discuss your other options but if they are viable we should add them (I thought R10 had said the first one was moot..?)

All –

There are a number of moving pieces on the various management briefings right now and this is one of them. Following the briefing for Benita I have made some light edits to the briefing paper itself and added many comments to the options, which still need to be fully fleshed out.

# Ex. 5 - Deliberative

Meanwhile Region 10 is going to continue to flesh out the rationales and pro/cons of all the Option 2s. Region 10 will also be adding more of an on-the-ground perspective to the paper that gives clearer picture of the environmental costs of OR's current approach and benefits to be gained from improved forestry management.

Let me know if anything in the attached isn't clear.

Thanks,  
Lynda
